

STANDARD series

Large Capacity Upright Fridge Model: BIO1400FRS

The **BioCOLD STANDARD** series of refrigeration has been built to a very high specification, to meet the requirement for general laboratory storage.

The Large Capacity Upright Fridge is manufactured using high grade stainless steel for both the interior and exterior surfaces. The fridge features internal fan assisted circulation resulting in a more uniform temperature throughout the chamber, with improved recovery times following door openings.

Standard Features

- Stainless steel interior and exterior
- Digital temperature display
- Electronic temperature control
- Castors
- Door locks
- Replaceable door gasket
- CFC and HCFC free refrigeration system

Options

- Access Port
