

STANDARD series

Underbench Sparkfree Refrigerator Model: BIO155FRSSL

The **BioCOLD STANDARD** series of refrigeration has been built to a very high specification, to meet the requirement for general laboratory storage. This unit is not designed to surpass stringent validation protocols as the lack of a fan increases the temperature gradient within the chamber.

This Underbench refrigerator features a spark free interior and a lock as standard for the safer storage of volatile substances or samples.

Standard Features

- **Sparkfree interior**
- **Door lock**
- Reversible doors
- Replaceable door gasket
- CFC and HCFC free refrigeration system

Options

- Door mounted temperature display/alarm module

Technical Specification

Dimensions

External (H x W x D), (mm)
Weight (kg)

835 x 600 x 600
34

Temperature

Set Point (adjustable) (°C) +4
Operating range air temp (°C) 0 to +10
Sample temperature (°C) +2 to +8

Capacity

Refrigerator Volume (L)(Net)

155

Electrical Supply

Voltage (V) 220-240
Frequency (Hz) 50
Fuse (A) 13
Energy Consumption (KWh/annum) 117

Shelves (Safety glass)

3

Defrost Type

Manual
